## **Brian Highley Appointed CEO of CIRTEC Medical Systems**

FOR IMMEDIATE RELEASE

East Longmeadow, MA, September 16, 2014 – CIRTEC Medical Systems’ Board of Directors has announced the appointment of Brian Highley as CEO of CIRTEC.

“I am delighted to be joining CIRTEC at this exciting point for the Company.” noted Brian Highley. “The company has made great strides improving engineering and operational performance while sustaining strong organic growth over the past two years. The goal now is to accelerate CIRTEC’s growth by continuing to improve and expand the services Cirtec offers its medical device customers.”

Brian is a twenty-year veteran of the medical device industry. He joins CIRTEC from Nypro, where he served as VP and GM of their Medical Device and Consumer Health Segment. Prior to that Brian served as General Manger, Design Engineering and NPI for FlexMedical. Additionally he was Vice President of Design and Development at Avail prior to their acquisition by Flextronics. He has also held engineering roles at Baxter, Medtronic, Smith & Nephew and Philips Medical.

About CIRTEC Medical Systems, LLC
