

# Experience The Power of Partnership

Resonant Link, Ilika, and Cirtec Medical have partnered to get high-performing medical devices to market faster.

## Our Partnership Combines the Expertise and Resources You Need to Deliver Smaller, Smarter, and More Scalable Devices

- 20-minute wireless charging
- Device miniaturization
- Active and passive implants
- Fast, cost competitive manufacturing

## A Design in Weeks, Charging in Minutes

Preferred by OEMs for off-the-shelf systems and custom designs. We offer the world's smallest, fastest, patient friendly wireless charging for implantable medical devices, including titanium-encased IPGs.

## Our Partnership Gets You to Market, Fast

Contact us for the best wireless power and accelerated design, development and manufacturing for your device.
